Wolf, prohibitionist, for governor, received about 30,000 votes.

MINNESOTA. ST. PAUL, Nov. 6.—Both parties claim the election of governor—Republicans by about 3,000 and Democrats by 1,000. Her clothing was burned almost completely off her. Her limbs were burned to a crisp, and long black blisters extended up the back. It is not yet known whether her injuries are fatal. The board includes the governors of forty-six states and territories, mayors of all cities containing a population of 10,000 and upwards, presidents and secretaries of boards of trade throughout the United States, presidents and secretaries of all state agricultural societies and granges, and vice-presidents of the Mt. Vernon association. The program to be considered at said convention is as follows:

First. A constitutional centennial celebration at the national capital, March 4th, 1889, by the sixteen American sister republics, in honor of the one hundredth anniversary of the constitution of the parent republic of the United States.

Second. A world's exposition at the national capital from the 1st of May to the end of October, 1892, in honor of the four hundredth anniversary of the discovery of America by Columbus.

Third. A permanent exposition at Washington of antiquities, history, arts and industries of the three Americas to be the outgrowth of the world's exposition in 1892, and to remain under governmental control on a plan somewhat similar to the present national museum, but on a much larger scale.

Nearing His Last Struggle. NEW YORK, Nov. 6.—The Herald this morning says: Up in a big, airy and sunny room on Broadway, over the Metropolitan opera house, Herbert M. Hoxie, manager of Jay Gould's southwestern railroads, is lying struggling for his life. Beside his bed for weeks his faithful wife and his steady friend, Capt. R. S. Hayes, general manager of the New Jersey Central, have been constantly in attendance. The end must come soon. The railroad man of the southwest recognizes "old man Hoxie" as a sturdy fighter. He has now after weeks of agony come to parting ways that lead either to life or death. The disease is an affection of the bladder which has caused him much trouble for many years, and only last summer at Saratoga he underwent a very dangerous operation in the hope of complete recovery.

For a month past he has been in his Broadway room. His whereabouts were known to a few intimate friends only and every visitor absolutely excluded. Ex-Governor Curtin was not aware of the fact when intimated some time since, Mr. Hoxie was unwilling, though able, to go to the hospital, and he has been in New York since he has steadily declined that Mr. Hoxie's condition was very all critical, but the truth is today he is very near the last terrible struggle in which not even the tender, loving hands around him can help him to victory.

Distinguished Personages. NEW YORK, Nov. 6.—Mrs. Grover Cleveland spent last night at the Fifth Avenue Hotel with Secretary and Mrs. Endicott. At 9 o'clock this morning the party left for Boston.

The same steamer had on board Assistant Bishop Potter and daughter, Mrs. James Browne, Potter and daughter and Mr. and Mrs. M. Popensheim.

It is rumored on the street that Senator Evans died suddenly this morning. Inquiries were made at his office in this city when it was learned that the Senator was in the best of health yesterday, but nothing had been heard of him since. He is at a country house at Windsor, Vermont.

WINDSOR, Vt., Nov. 6.—Senator Evans arrived here this afternoon from New York. He has fully recovered his health and intends to remain at his summer residence until the assembling of congress.

Mrs. Cleveland in Boston. BOSTON, Mass., Nov. 5.—Mrs. Cleveland, accompanied by Secretary and Mrs. Endicott, arrived in this city at 3:30 this afternoon and was driven to the residence of Mrs. Powell Mason, No. 211 Commonwealth street.

There is a difference of opinion among the employees as to whether the district master workman to order a strike, some claiming that such action lies only in the province of the General executive board. It is said that the stealer and cooler headed of the employees are very much opposed to a general strike, while the movement is chiefly aggravated by restless characters and the so-called hoodlum element. There is nothing whatever in the nature of a disturbance at the yards tonight and half an hour after closing time scarcely an employee was to be seen about the yards.

The Cowardly Assassin. NASHVILLE, TENN., Nov. 6.—A daring attempt was made on the life of William Carr, a well-known country, Wednesday night. Carr and his son were unloading corn at the barn, his daughter about nine years old being on top of wagon, when they were surprised by a volley of shots. Each of the three received a portion of two loads of buckshot, and it is thought all were fatally injured. Carr cannot possibly recover. Tom Perry, a distant relative, has been arrested and made confession. He was lodged in jail and it is feared now he will be lynched.

Commendable Actions. MONTREAL, Nov. 6.—J. F. Stok, defaulting bookkeeper of the Merchants bank, Peoria, Ill., was taken before a magistrate yesterday, but was remanded until Tuesday to await the arrival of the bank officials.

Harvard's Celebration. BOSTON, Mass., Nov. 6.—The second day's celebration of the founding of Harvard College was given over to the undergraduates and the first events of the day were the scratch races of the Harvard boat club. There was very little interest in them. Following these were literary exercises by undergraduates in Sanders theater. In the afternoon there was a foot ball game, and in the evening a torch-light procession and fire works.

An \$80,000 Blaze. EVREKA, CALIF., Nov. 6.—The Humboldt Lumber Co. mill was destroyed by fire last night. Loss \$80,000, partially insured.

THE CHICAGO PACKERS.

An Order has Been Issued by the Knights of Labor

That All Men Employed in the Chicago Packing Houses

Must Demand Eight Hours as a Day's Work, and to Receive the Same Pay

As Heretofore for Ten—By This Order 25,000 Men Are Thrown Out of Employment.

The Owners Say They Will Not Yield to the Demand But Will Close.

ANOTHER GREAT STRIKE.

The Smoldering Fire Recently Apparently Subdued, Again Breaks Forth.

CHICAGO, Nov. 6.—The situation at the stock yards is practically unchanged this morning. The large force of hog killers continue to work. The engineers and firemen employed by Swift, stopped work this morning, refusing to work with non-union men. Armour has about 300 men at work in his beef house and is engaging new men. Deputy sheriffs to the number of two hundred continue on duty and there has been no disturbance.

It has been ascertained that K. of L. Barry sent here during the last strike is at the yards accompanied by another representative of the K. of L.

Armour & Co. commenced killing beef at their house this afternoon. The firm declared that many of their men had returned to work. Hog killers employed at the International Packing Company's house went on a strike at 1 o'clock.

CHICAGO, Nov. 6.—The executive committee, Knights of Labor, has just issued a general order directing all men employed in packing establishments at the Union stock yards, in both beef and pork packing establishments to stop work at 3 o'clock this afternoon. This makes the strike among the men left their work by order of the executive board about 4 o'clock. It is not yet known whether the men will obey the order.

The strike became general shortly after 3 o'clock. All the men in the great houses of Fowler Bros., John Cadunsky, and nearly all of Armour's men left their work by order of the executive board about 4 o'clock. This afternoon there were very few men left in the yards. One of the prominent packers said: "I am ready to shut down for sixty days if all the other packers will do the same. Strikers then he said, 'I would have a good opportunity to rest all they wanted to.' It is not exactly known what policy the packers will now pursue, but it is understood they will at once advertise for men to take the places of the strikers. The demand made on behalf of the men, it is understood, was eight hours should constitute a day's work, the men agreeing to accept a ten per cent reduction in their present wages. Fourteen thousand men stopped work in response to the order. It was estimated that the strike indirectly effects from six to eight thousand more.

CHICAGO, Nov. 6.—There seems to be indications that the strikers of packingtown are weakening. A careful review of the situation tonight reveals the contract referred to in the dispatches between Nelson and Morris and the executive board of the meat butchers' association. Though not signed by the parties of the second part it was tacitly accepted by them and went into effect Monday morning. This is admitted by two members of that board while another, who is a well-known ally of the contract, he said, no order to strike has been issued by the general board, and claimed that more than a thousand men were out.

It was learned from the Chicago Times that fully 10,000 men were out. Among them being employed in every packing house at the yards. Very few of Armour's men are out, however, the strikers being mostly employees of Fowler Bros., Silbert Horns and the Chicago Packing company.

There is a difference of opinion among the employees as to whether the district master workman to order a strike, some claiming that such action lies only in the province of the General executive board. It is said that the stealer and cooler headed of the employees are very much opposed to a general strike, while the movement is chiefly aggravated by restless characters and the so-called hoodlum element. There is nothing whatever in the nature of a disturbance at the yards tonight and half an hour after closing time scarcely an employee was to be seen about the yards.

Southwestern Freight Association.

ST. LOUIS, Nov. 6.—The meeting of the representatives of the southwestern freight association, which has been in session here for three days, trying to adjust differences in connection with the business to Southern Kansas points, made considerable progress today. The committee appointed to determine whether the whole matter should not be referred to arbitrators, reported today in favor of that method of settlement, and a board of four arbitrators will be appointed to fix rates to the Kansas territory. Freight between the competing points west of the Missouri river will be pooled, and all freight originating west of the Missouri river and going east of the Mississippi will go into the southwestern association. The meeting adjourned tonight. The board of arbitrators will embrace representatives of the southwestern association, the Missouri Pacific, the Atchison, Topeka and Santa Fe and the St. Louis and San Francisco railways.

Half Rates All Round.

CHICAGO, Nov. 6.—All the railways included in the western traffic association have united in maintaining a half-rate fare to all delegates appointed to attend the National Cattle Growers' association, to be held in Chicago November 16 and 17, and it is expected that the Union Pacific, Santa Fe and other leading western lines will join in extending the same rate. Among the notable men expected to attend are Senators Edmunds, Cullum, Beck and Miller, Judge Hancock, of Texas, Hon. Thos. Stuart, of Wyoming, the Marquis DeMores and others, all of whom are expected to deliver addresses. The American fat stock, dairy and horse show will also be held at the same time.

The Union Pacific.

BOSTON, Nov. 6.—The statement of the Union Pacific railroad for September shows the gross earnings to be \$2,519,792; net earnings, \$911,081. The net earnings for the nine months ending September 30th were \$6,442,211, against \$6,430,205 for the corresponding nine months of 1885. The decrease was caused by an increase on the expenses.

Express Rates Reduced.

CHICAGO, Nov. 6.—There was a further reduction today in the express rates to New York of twenty-five cents per hundred. The rate is now about the same as for that class of freight, with the expense of cartage and delivery eliminated.

Not on the Bills.

BUFFALO, N. Y., Nov. 6.—A narrow escape from a horrible conflagration occurred in the old Art Gallery last evening, where a large number of amateurs were engaged in the presentation of the tableau Vivants, to about three hundred spectators composed of the elite of Buffalo society. Just as a young lady, the daughter of Dr. Brown, the rector of St. Paul Cathedral, was posing to represent Hemdri's picture, "Ophelien," a piece of white heat dropped to the carpet on the stage near the curtain. In a moment the whole front of the stage was ablaze, and the curtain was torn down and the fire stamped out, though not until Dr. Brown's face and eyebrows were badly singed, and one lady's hand severely burned. The audience began a rush for the door, but the room not being very full, the people were recalled before anyone was injured, and the play proceeded with an improved curtain.

Devil Inspired, Liquor Impelled.

ANNVILLE, Pa., Nov. 6.—A gang of ten desperate tramps, full of liquor, came into village last Thursday night, and entered a saloon of Peter Bachman and with chairs and apertures, made a general assault on the proprietor and a few other men who were there. In a short time the place was wrecked and looted. An alarm summoned fifty determined citizens, who came armed. The half-drunk assailants, and a desperate conflict at once opened between them.

Notwithstanding the great odds against the rioters, they kept in a solid body and fired several rounds into the crowd. Nelson and Morris and the executive board of the meat butchers' association. Though not signed by the parties of the second part it was tacitly accepted by them and went into effect Monday morning. This is admitted by two members of that board while another, who is a well-known ally of the contract, he said, no order to strike has been issued by the general board, and claimed that more than a thousand men were out.

The Wheel of Fortune. BALTIMORE, Md., Nov. 6.—John N. Middleton & Co., cotton factory, have failed. No estimate of the amount involved is obtainable. The firm is considered wealthy.

P. Hansen, Hess & Co., decorators and manufacturers of fine furniture, filed an assignment for the benefit of creditors. Trustees gave ball in sum of \$900,000, including the assets half that amount, about \$450,000, and the balance of the most substantial in the city.

A Newspaper Change.

ST. PAUL, MINN., Nov. 6.—The St. Paul Evening Dispatch editorially announced that Geo. Thompson, heretofore part owner, now becomes sole proprietor. Geo. K. Shaw, who has had the control of the Dispatch since its purchase from Capt. Castle, will retain an editorial connection until January 1, but his business connection and editorial control now ceases. It is said that in 22 months the circulation of the paper has increased from 20,000 to over 32,000.

Liabilities vs. Assets.

BALTIMORE, Md., Nov. 6.—Kerngood Bros., wholesale dry goods, made an assignment late this afternoon. The assets are estimated at \$150,000. The Kerngood good estimate their liabilities at about \$200,000, and say their trouble was caused by failures among their customers in the South. They expect to pay in full and resume. The firm has been established over thirty years, and has always enjoyed a high reputation.
